Beginning Sculpture: Viking chair project, experiment in wood working, 2D design, weight distribution, and human scale  
Wood  
2023

Viking Chair: Beginning Sculpture, experiments in wood working, 2D design, weight distribution, and human scale  
Wood  
2023

Beginning Sculpture: Viking chair project, experiment in wood working, weight distribution, and human scale  
Wood, epoxy putty, acrylic paint, porcelain teeth  
2023

Beginning Sculpture: Pop can - pop rivet project  
Aluminum  
2022

Beginning Sculpture: Wearable art, experiment in found objects  
Mixed media  
2022

Beginning Sculpture: Wearable art, experiment in found objects  
Mixed media  
2022

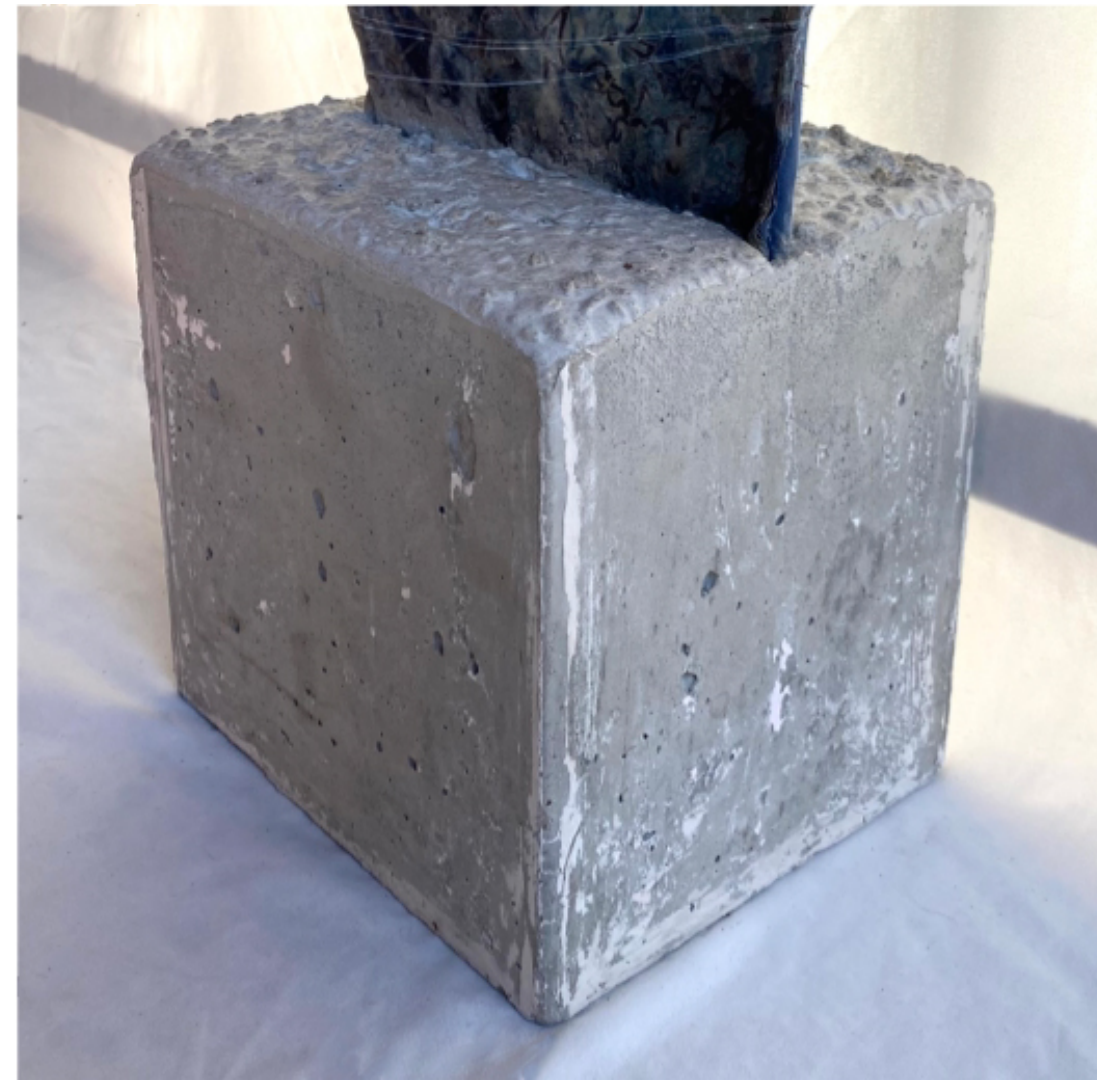

Beginning Sculpture: plaster postulate project, experiment in materials  
Hydro-stone  
2024

Beginning Sculpture: plaster postulate project, experiment in materials  
Hydro-stone, epoxy putty, armature wire, acrylic paint  
2024

Beginning Sculpture: Experiment in materials  
Fabric, concrete, cardboard  
2024

Design Fundamentals 3D: Mead Garden collaborative public art project  
Mixed media  
2022

Design Fundamentals 3D: UCF Celebrates the Arts community engagement art project  
Mixed media  
2024

Design Fundamentals 3D: UCF Celebrates the Arts community engagement art project  
Mixed media  
2024

Foundational representation project  
Paper, glue  
2023

Foundational representation project  
Paper, glue  
2023

Foundational representation project  
Paper, glue  
2023

Foundational abstract project  
Paper, glue  
2023

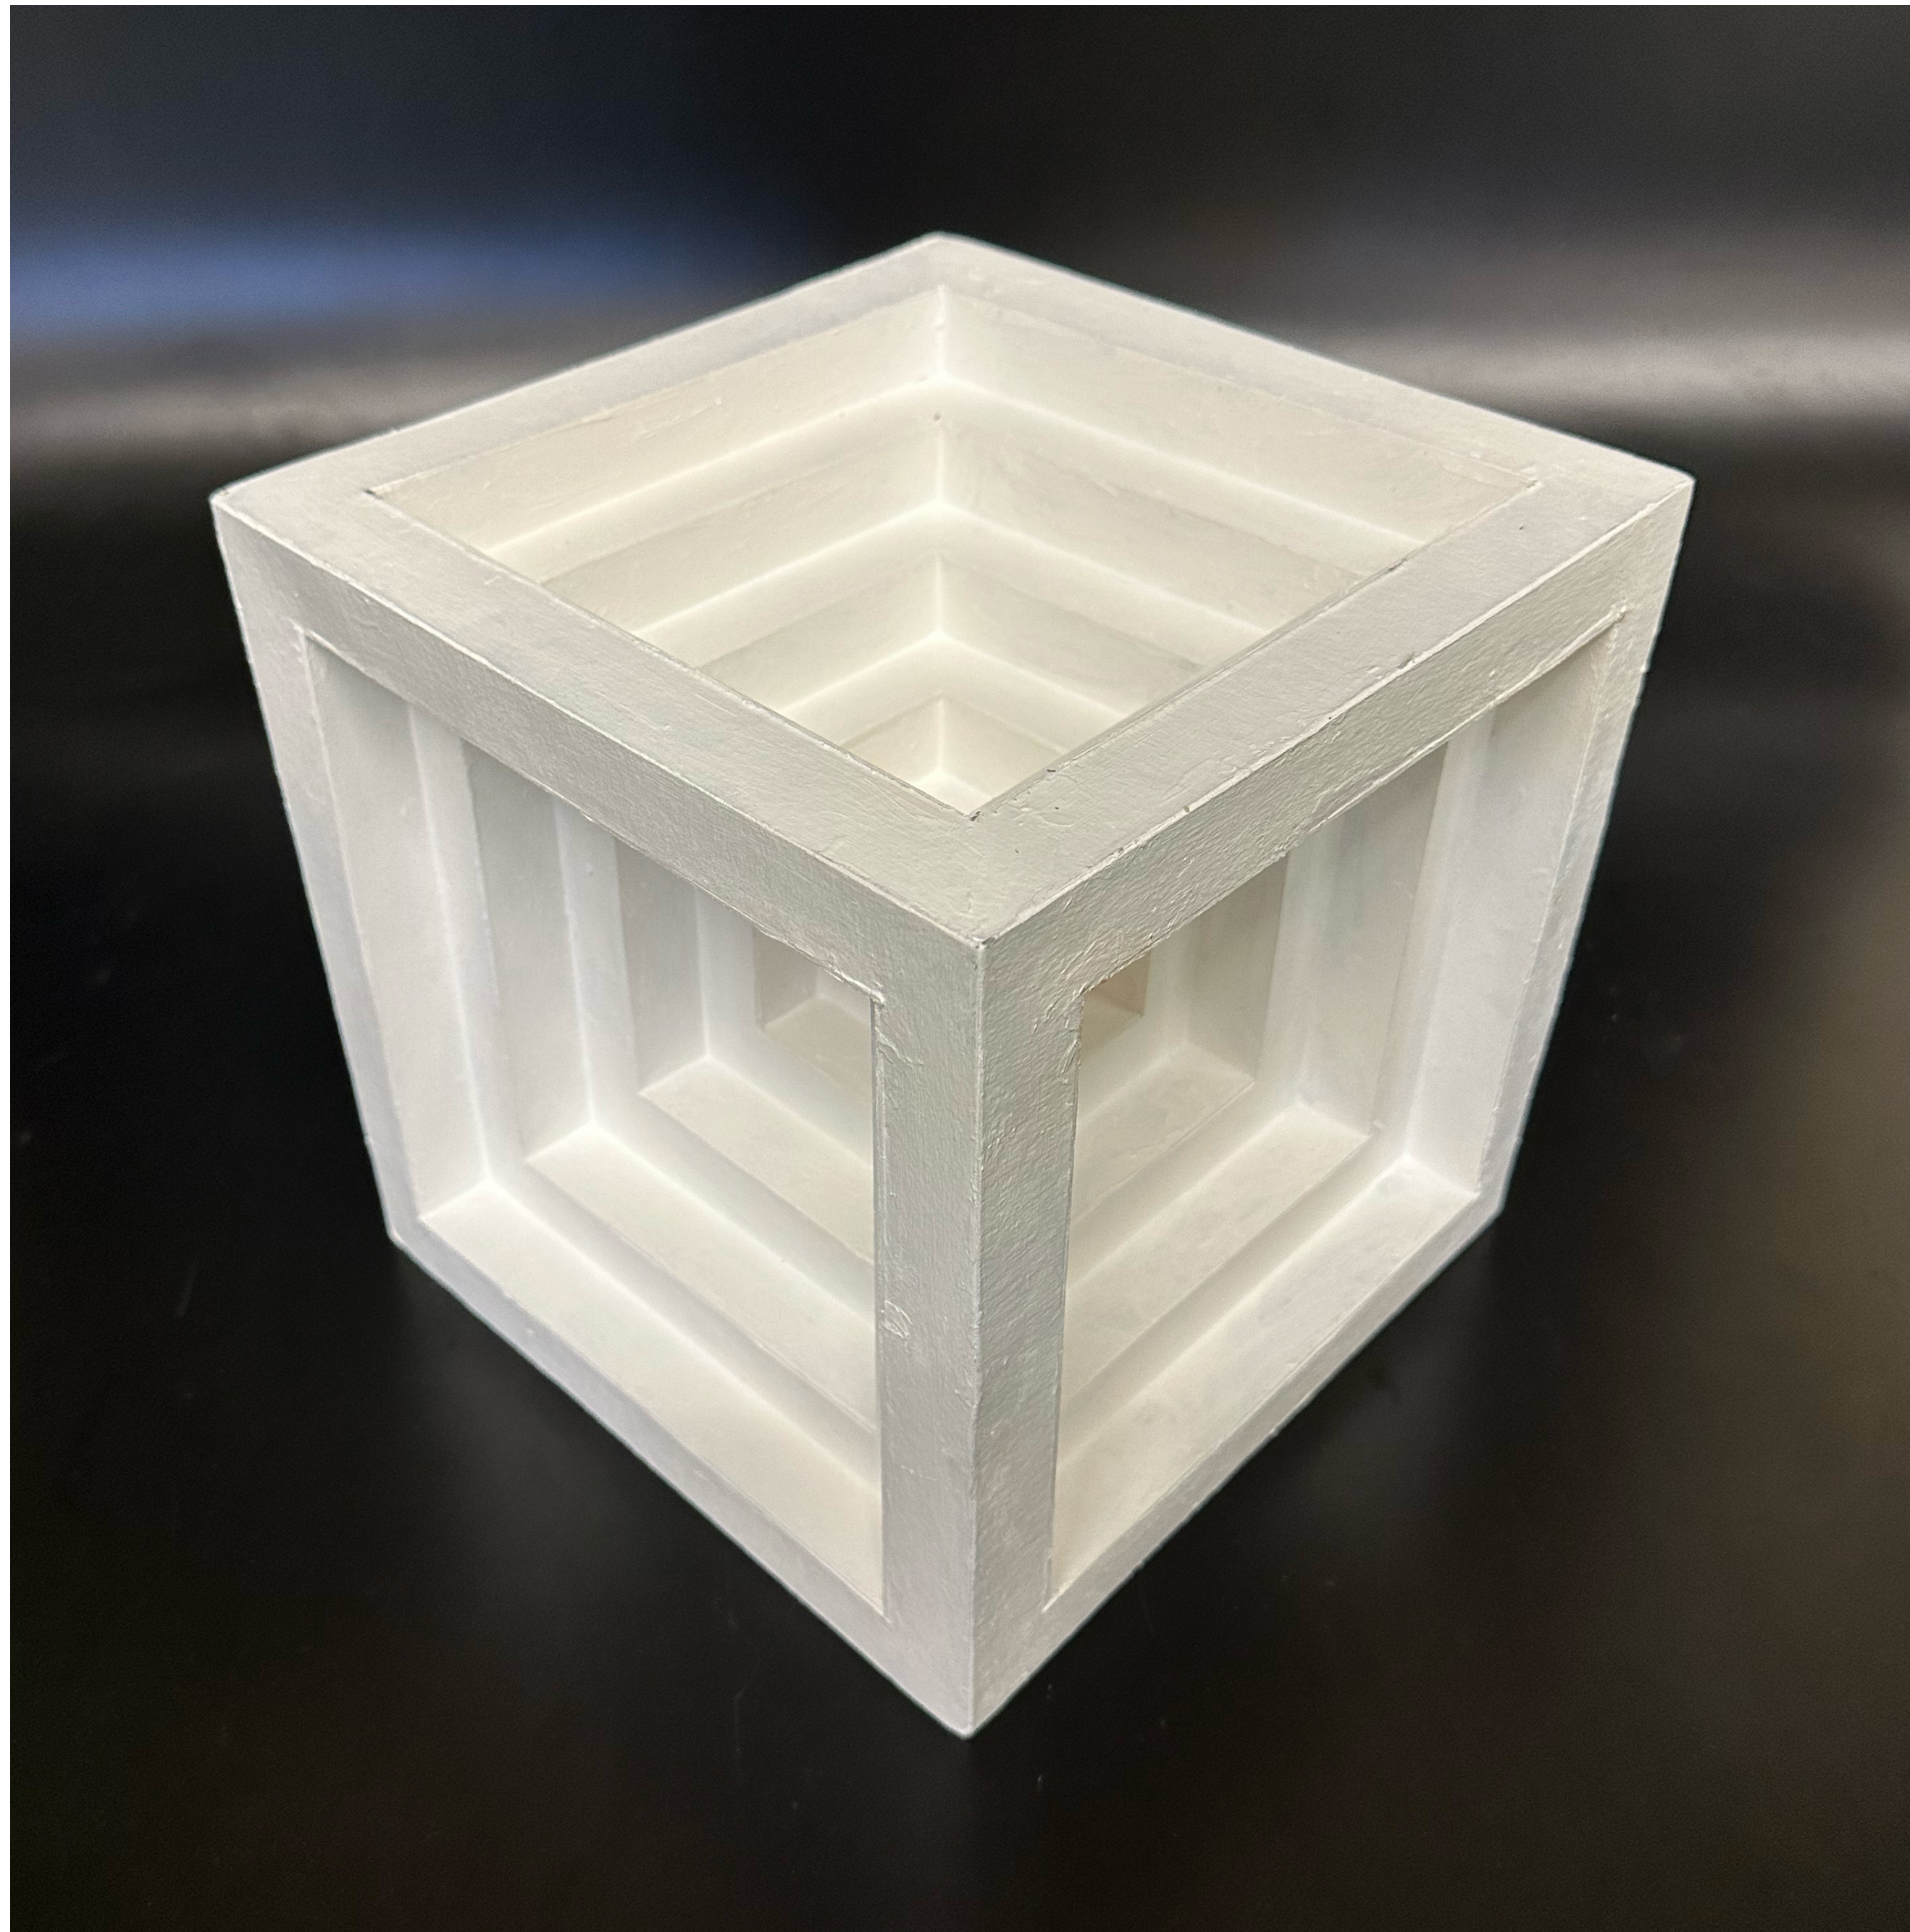

Foundational abstract project  
Paper, glue  
2023

Foundational abstract project  
Paper, glue  
2024

Foundational non-representation project  
Paper, glue  
2023

Foundational non-representation project  
Paper, glue  
2024
